About Us

Established in the year 1978, we, "RMS Corporation" are recognized since more than three decades in Authorized Retail Dealer, Wholesaler, Trader and Distributor of world class Engineering Goods such as Anti Vibration Mounting, Pump Anti Vibration Mountings, Rubber Bellows and many more which eliminates vibrations. With the available range including stainless steel metallic bellows, expansion joints, anti vibration mounts, rubber bellows and others, these are developed for efficiently handling the vibration elimination demands.

We deal in anti vibration mountings (AVM) / shock mountings, that isolates vibrations generated by machinery & equipments. Rubber anti vibration mounts eliminate line noise, stops water hammer and eliminates vibrations from the piping systems. With involved business operations led by experienced management, we have with us experience of more than thirty years in this area of operations. With processes handled by experienced industry professionals, we ensure the solutions offered perfectly match up to the demands of efficiently isolating vibrations that are generated by machinery and equipment.

Under the mentorship of "Mr. Dhananjay Mull" (CEO), we have touched new dimensions of success. His years of experience and management qualities have developed the firm as a strong entity across the market. Our fair business policies have enabled us to attain reputation in the market.
